These works are created as piece unique (in one edition only). And they come with a signed certificate of authenticity and an authenticity sticker to the back of the work.

Every month in 2017, I create new works based on my Bridge-Performances.

These new works are exhibited at Gallery 1 Flat Wall in Berlin for 21 days (from the 1st – 21st).

Every month, the new work is available for a fixed price of € 1600.
