Hello visitor,

So nice that you came!

If we don't know each other yet:

My name is **Kim Engelen**.

And I am working as a visual artist since 20+ years. During this time I have lived in 6 countries.

My art has shown in 25 **countries**, in magazines and on television. And my artworks are held in private **collections** in Europe, the US, and China. And hopefully soon also in Spain — where I am settling down.

My art-education started off in the Netherlands with a Bachelor of Fine Art in **painting and other media**. Then 13 years later, I went to the USA for a Master in Studio Art. And in 2013, I received my **Master of Fine Art in Critical and Pedagogical Studies** in Sweden.

In my art I work with different mediums, such as: video, photography, text, and performance. But there is one constant, the topic. Which is and has always been **people**.

My art is **personal** and socially oriented. It arises from connecting with others. And the joy and psychosocial challenges that come with it.

I have several **ongoing projects**, such as *Sun-Penetrations* and my project *Bridges*. But in 2022, I am devoting my time to doing **Confession Drawings**.

**100 Livestreams / 100 Drawings**  
2x per week, I make a Confession Drawing. I start the Livestream with a verbal confession. And from this confession, I make a drawing.

Although the drawings often come from a place of hurt or suffering. I try to create drawings that can be **empowering** or perhaps even **healing**. Topics such as communication, power, and self-development especially interest me.

We are all very diverse, yet our emotions are quite the same. Maybe our root of, for example, fear or anxiety is different. But we probably all recognize these feelings. I believe by being super personal. I can touch upon something **public**.

When I create art, which is as **life** an ongoing **process**, I show the failures, misunderstandings, and loneliness that come with it. And with it as well **self-development**, pleasure, and hope.

Since I love to observe and think **deeply**, this is an ongoing and invigorating journey.

Thank you for coming on this beautiful Sunday.

Warm welcome,  
Kim Engelen
